## Year 9 Revision List - Foundation

HT2 2022-23
Algebra, Indices and Sequences:

| Objective | Sparx Task |  |
| :--- | :---: | :---: |
| Know what an expression is and write one <br> from words | M 830 |  |
| Simplify expressions involving multiplication <br> and division | M 795 |  |
| Simplify expressions involving sums and <br> powers including use of index laws | M 120 |  |
| Continue a linear sequence, find missing terms <br> in a linear sequence | M 381 |  |
| Find terms given the nth term rule | M 166 |  |
| Find the nth term rule | M 991 |  |
| Find the nth term rule from pictures | M 866 |  |
| Find the inverse of a function using a function <br> machine | M 428 |  |
| Substituting into expressions using + - x and <br> divide using order operations | M 417 |  |
| Substituting into expressions involving powers <br> and roots | M 327 |  |
| Identify a formula and write simple formulae <br> from words | M 957 |  |
| Interpret real life graphs to write formula e.g. <br> taxi fare | M 771 |  |
| Substitute positive and negative numbers into <br> expressions and formulae including with <br> powers | M 208 |  |
| Expand single brackets | M 237 |  |
| Expand and simplify expression involving two <br> single brackets e.g. 2(x-3)+4(x+2) | M 792 |  |
| Identify common factors in an expression | M 100 |  |
| Factorise an expression by taking out an <br> algebraic common factor | M 100 |  |
| Expand double brackets and collect like terms | M 960 |  |

## Accuracy and Measures:

| Objective | Sparx Task |  |
| :--- | :---: | :--- |
| Find average speed from a distance time graph | U462 |  |
| Find average speed given in different measures | U151 |  |
| Use average speed to find distance and time <br> taken | U462 |  |
| Convert compound units |  |  |
| Convert metric units of volume and area | M772, <br> M530, M761 |  |
| Understand density | U910 |  |
| Understand pressure | U527 |  |
