## Calculating with Fractions:

| Objective | Sparx Task |  |
| :--- | :---: | :---: |
| Equivalent fractions | M 410 |  |
| Simplifying fractions | M 671 |  |
| Write a number as a fraction of another number | M 695 |  |
| Convert between improper fractions and mixed <br> numbers | M 601 |  |
| Finding a common denominator | M 835 |  |
| Add and subtract fractions | M 835 |  |
| Use divisions to write a fraction as a decimal | M 958 |  |
| FDP equivalence | M 157 |  |
| Multiply a fraction by an integer and cancel common <br> factors | M 157 |  |
| Multiply a fraction by a fraction and cancel common <br> fractions | M 197 |  |
| Multiply a mixed number by an integer, a fraction and <br> a mixed number | M 110 |  |
| Divide a fraction by a whole number | M 110 |  |
| Divide an integer by a unit fraction | M 110 |  |
| Divide an integer by a non-unit fraction | M 931, |  |
| Divide a fraction by a fraction | $\mathrm{M} 197, \mathrm{M} 265$ |  |
| Operations with mixed numbers |  |  |
| Fractions on a calculator |  |  |

## Statistics:

| Objective | Sparx Task |  |
| :--- | :---: | :---: |
| Interpret pie charts | M165 |  |
| Draw pie charts | M574 |  |
| Design and use two way tables from discrete data | M899 |  |
| Design and use two way table for grouped data | M899 |  |

| Calculate the mean from a frequency table discrete <br> data | M 127 |  |
| :--- | :---: | :---: |
| Calculate the mean, mode, median and range from a <br> frequency table grouped data | M 441 |  |
| Draw stem and leaf diagrams | M 48 |  |
| Interpret stem and leaf diagrams | M 210 |  |
| Construct line graphs | M 40 |  |
| Choose the most appropriate average to use | M 496 |  |
| Draw a scatter graph and describe types of <br> correlation |  |  |
| Draw and use a line of best fit |  |  |
| Misleading graphs |  |  |
