Year 7 Objective List – Higher

HT6 - 2022-23

Ratio and Analysing and Displaying Data:

Objective	Sparx Task	
Writing a ratio, simplifying a ratio including with fractions and decimals	M885	
Simplifying ratios	M885	
Simplifying ratios with fractions and decimals	M885	
Writing a ratio as a fraction		
Using ratio tables		
Converting metric units	M772,	
	M530, M761	
Sharing a ratio in two or more parts using bar models	M525	
Sharing in a ratio when given value of one part of the ratio	M525	
Using ratios in scales on maps, metric to imperial conversions and double number lines	U257	
Unitary methods to solve ratio and proportion problems	M478	
Simple problem solving with ratio and inverse proportion	U595	
Simple problem solving with direct proportion	U721	
Writing a ratio in the form 1:n	M543	
Sample and bias	U493	
Displaying data in two way tables	M945	
Comparison and composite bar charts	M460, M738	
Drawing pie charts	M574	

Interpreting pie charts	M165
Frequency polygons	M140, M183
Time series Graphs	
Mean, mode and range from discrete data	M940,
	M841, M328
Adjust the mean when data is added or taken away	U291
Compare averages and range from two sets of data	M440
Find missing data given the averages and range	U291
Mean from a frequency table (discrete data)	M127
Mean from a frequency table (grouped data)	M127
Averages from Charts	U291
Scatter graphs	M769, M596
