STUDENT PORTFOLIO 2020 – INSTRUCTIONS FOR COMPLETION

Hello everyone,

Normally students would be given the Transition Portfolio either when we visit their Primary School or when they attend the Family Interview. Clearly this year is different and unfortunately neither of these will happen in their usual way.

Instead, we are sharing this with you either in their primary school setting or if the student is not returning with their parent.

We use the portfolio to gather evidence of the child's progress at primary school and also to share information about them with the KS3 team and most particularly their form tutor. We also use it to introduce them to some of the ideas and expectations of Prince Henry's and to get them thinking about what secondary school is like. This year, more than ever, we feel this is really relevant.

To assist in the completion of this, below is a page-by-page guide as to what to do. Most of it is self-explanatory but please do get in touch at transition@princehenrys.co.uk if you have any questions.

We would be very happy to get any completed portfolios before the summer holidays by post or alternatively if students can bring them in on their first day in September.

Best wishes

Mr S Day

Key Stage 3 Progress Leader

Instructions

Page 1 – Please complete with first name and surname and Primary School

Page 2 – Attitude to Learning – used at PHGS as a key indicator of student effort and engagement. Please read the descriptions and rank your own Attitude to Learning, your primary school teacher can give their own ranking.
