The following information explains what may happen following a review of marking.

If your examination centre requests a review of marking of one of your examinations after your subject grade has been issued, there are three possible outcomes:

- Your original mark is lowered, so your final grade may be lower than the original grade you received.
- Your original mark is confirmed as correct, there is no change to your original grade.
- Your original mark is raised, so your final grade may be higher than the original grade you received.

In order to proceed with a review of marking, you must sign the form below. This tells the school that you have understood what the outcome might be and that you give your consent to review of marking being made.
