our programme

How did it all begin?

Over 20 years ago, Prince Henry's was the first school in the area to achieve designation as a Specialist Language College. As a school at the heart of our community, we used this special status, and the additional funding which went with it, to establish the most comprehensive community-based languages programme of any secondary school in West Yorkshire. Although that dedicated additional funding is no longer available to schools, we have worked hard over recent years to build on this heritage to secure the future of the Community Education Programme as an initiative provided by the school for the benefit of the local community.

How is the Community Education Programme funded?

As this specialist funding is no longer available to schools, all courses must now be self-funding. However, the programme is run as a service to the local community on a "not for profit" basis, therefore, as long as we can cover the tutor's salary and administration costs, we can allow all courses to run.

How are our courses structured?

Almost all our courses run for a 10 week block initially. In most cases, students will be invited to continue for a further 10 weeks after Christmas and then another 10 weeks after Easter. As a result, many courses actually run for 30 weeks in total. We use this system of termly enrolment because our students prefer it.

Who can attend courses at Prince Henry's?

Almost anyone! Most of our courses are accessible to all students over the age of eleven and we welcome an increasing number of family groups. Although traditionally many of our students have come from Otley and neighbouring villages, more and more students are travelling from Leeds, Bradford, Ilkley and Harrogate, from where the school is easily accessible.

What makes Prince Henry's different?

As an independent provider, we make up our own rules! This means that we are very flexible in considering individual requests to add new courses and levels to the programme, where viable. Likewise, we have no rigid policies in terms of minimum course numbers. Instead, we consider the viability of each course within the context of the wider programme. We believe that our courses continue to offer excellent value for money.

What are courses like?

We aim to establish a friendly, supportive environment for learning, in which students will develop their skills and get to know other people with a similar interest. If learning a language, students will gain a greater insight into the culture and people of the relevant countries. Our hobbies and wellbeing courses allow students to learn a new skill or develop existing practice with like-minded people. Unless students specifically choose an accredited course, they can enjoy learning without worrying about passing exams or producing evidence of their learning.

What's on offer?

We are delighted that this year we are offering even more language courses, including several lesser taught languages, and a programme of workshops, as well as a wider programme of hobbies and wellbeing courses. With tutors and potential students being in touch with us about opportunities for local people, it really is a community programme. We look forward to welcoming you on to one of our courses soon.

Page 5

which level?

When selecting a language course, you are welcome to call our Programme Director, Christopher Lillington, to discuss which level may be most appropriate for you. The following provides a general guide. Christopher is also available to discuss which level is appropriate for you on our Enrolment Evening in early September. We are very flexible, so if you begin a course and it is agreed with your tutor that the level is incorrect, we are happy to move you, as long as places are available. ([See page 13 for Sign Language courses](#)).

Beginners*

An introductory course with a particular focus on basic “holiday language”. For those with very little or no previous knowledge.

Continuation

A continuation of the beginners’ course, this level revises and builds on basic knowledge. At least one year of previous study.

Intermediate 1

A stronger focus on grammatical awareness and conversational language, moving on from “holiday language”. At least two years of previous study.

Intermediate 2

For students who want to be able to converse using a wider range of tenses and topics. At least three years of previous study.

Intermediate 3

For students working at approximately GCSE level with a secure grasp of grammar, who wish to build their vocabulary and develop their fluency. At least four years of previous study.

Conversation / Advanced

This course has a strong focus on conversational language and makes use of authentic texts and listening material. At least five years of previous study.

***PLEASE NOTE:** the Beginners’ course is intended for students learning the language “from scratch”. If you wish to take up a language which you have studied in the past, please try the Continuation course rather than the Beginners course. This will ensure that both you and the other students get the most out of the course.

DATA PRIVACY

We store and use your name, address, email address and phone number to contact you regarding the course(s) you have enrolled for. The legal basis on which we do this is known as “performance of a contract” (i.e. we need this information in order to deliver the service you have paid for). british sign language

As a registered Centre for Signature awards in British Sign Language (BSL), we are delighted to offer accredited courses at Level 1 and Level 2.

For BSL 1 and 2, we allow payment on a termly basis, as with our other courses. There is an expectation, however, that students will continue for the full 30 week course (36 weeks for BSL 2) in order to gain accreditation. Exam sessions are included in these weeks. The second block starts before Christmas and the final block starts before Easter.

There is a break for the school holidays, but the full 30/36 week block usually runs straight on apart from these breaks. If classes are missed due to unforeseen circumstances (such as tutor illness), it is sometimes necessary for Level One classes to last for 2.5 hours or Level Two classes to last for 3 hours and for start/finish times to vary by half an hour, in order to fit the hours into one academic year.

Both courses are examined, with 3 examinations over the course of the 30/36 weeks. It is not possible to join the Level 2 course if you have not completed your Level 1 course successfully.

Students who pass each of the 3 exams in each qualification are awarded the appropriate certificate. We hope that students will pass the exams, but in the event of failing a module, resits or appeals are offered, in consultation with your tutor, with the appropriate fee payable.

SIGNATURE LEVEL 1 AWARD IN BRITISH SIGN LANGUAGE

The Level 1 Award in BSL provides an introduction and is suitable for all learners. A range of topics are studied that involve simple, everyday language use. The termly course fee includes the exam fee for that term's assessment unit:

Level 1 course fees INCLUDE exam fees	FULL FEE	Full time students or Over 65 and in full time retirement	School pupil (age 11+) or in receipt of means-tested benefits (see P8)
Term 1 (BSL101)	£125	£120	£110
Term 2 (BSL102)	£147	£142	£132
Term 3 (BSL103)	£147	£142	£132

SIGNATURE LEVEL 2 CERTIFICATE IN BRITISH SIGN LANGUAGE

This course is only available to those who have passed BSL Level 1. Please see the introductory text above for other details, which apply to both levels. In Level Two, learners develop an ability to communicate with deaf people in a range of familiar and work-related contexts, participating in longer and more open-ended exchanges.

At Level 2, the three assessed units take place later in the course, however, the termly course fees include the examination fees, to spread the cost over the year.

Level 2 course fees INCLUDE exam fees	FULL FEE	Full time students or Over 65 and in full time retirement	School pupil (age 11+) or in receipt of means-tested benefits (see P8)
Term 1	£190	£180	£170
Term 2	£210	£200	£190
Term 3	£210	£200	£190

Funding - Level 1 & Level 2

Although we are unable to offer grants, in some cases, it is possible to gain government funding for these courses.

Please visit www.signature.org.uk for more information about these courses.

travelling to prince henry's

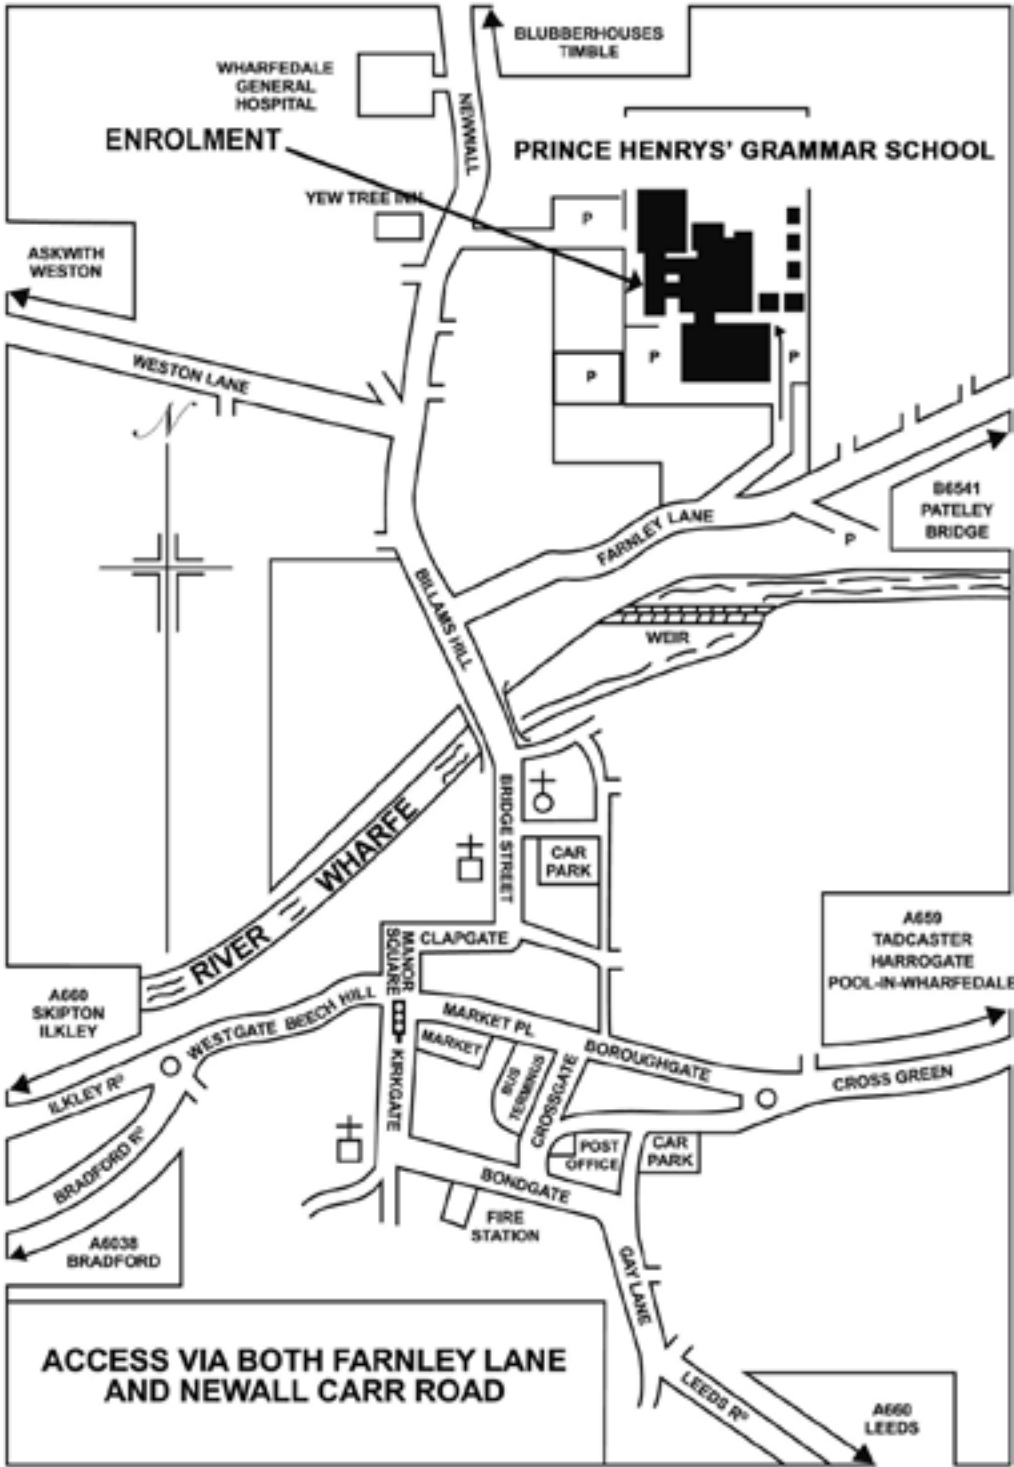

Where possible, we encourage students to travel to Prince Henry's on foot, bicycle or by bus, to reduce congestion and support sustainability.

If you need to use a car to travel to school in the evenings, you will find the Farnley Lane Car Park is quieter, and you can park right out on to the hardstanding through the trees. There is also easily accessible off site parking on Farnley Lane and above Wharfemeadows Park, from which you can access the school on foot, or we are a 10 minute walk from North Parade car park

If you need to use a disabled parking space, there are two disabled parking bays in the Newall Carr Road car park, near to the main Reception entrance.

On the first evening, and for workshops, we ask everyone to enter school through the main Reception doors, where we can greet you and help you find your class. Due to the location of some classes and the size of the school, we may suggest alternative entrances and parking areas for classes which are not based in this area of school, after the first week.

We ask that you park with consideration for our neighbours and do not park in Prince Henry's Court or in the Yew Tree Pub car park when attending classes. Sometimes, classes may be cancelled due to large events at school - these planned cancellations will be clearly marked in the diary dates leaflet you receive when you enrol.
