

**Calculating:**

Objective	Sparx Task	
Column addition	M928	
Column subtraction	M928	
Rounding to the nearest 10	M111	
Multiply using knowledge of times tables		
Recognise multiples of a number		
Recognise square numbers		
Find roots of square numbers on a calculator	U926	
Divide using knowledge of times table facts		
Use approximation to estimate division calculations		
Multiplying by 10, 100 and 1000	Q777	
Dividing by 10,100 and 1000	Q777	
Applying four operations to problems	Q118 Q367 Q978 Q672	
Position positive and negative numbers on a number line	Q976	
Use a number line to perform simple addition and subtraction operations	Q118	

**Expressions, Functions and Formulae:**

Objective	Sparx Task	
Identify a term and a coefficient		
Simple addition and subtraction of like terms, including powers	U105	
Simplify expressions using multiplication	U662	
Simplify expression using division	U662	
Find outputs of simple function machines	Q878	
Find inputs of function machines given the output	Q605	

Substitute integers into simple expressions (not done multiplication of negatives yet)	U585 U144	
---	--------------	--
