

KS3 Literacy Support: Booklet 3

This booklet will be most useful for confident and motivated students who wish to become expert readers and writers.

It is an excellent pre-GCSE study resource.

Parents/carers: Use the guide below to discuss and identify areas that will challenge and extend your son/daughter's literacy skills and help them become English experts.

Students: Use the guide below to target skills that you wish to develop and improve further. Look at targets in your exercise books: how can you improve your own reading and writing?

**Denotes particularly challenging activities*
