SPECIALIST LANGUAGE COLLEGE

FREEDOM OF INFORMATION - PUBLICATION SCHEME

Approved: September 2018
Date of Next Review: July 2022

1. Aims of the Publication Scheme

This model publication scheme has been prepared and approved by the Information Commissioner. It has been adopted by Prince Henry's Grammar School, making it unnecessary to seek further approval from the Information Commissioner. The scheme will be valid from September 2018 until further notice.

One of the aims of the Freedom of Information Act 2000 is that public authorities, including schools, should be clear and proactive about the information they will make public. This publication scheme evidences Prince Henry's Grammar School's commitment to make information readily available to the public as part of its normal business activities. The types of information covered under this scheme are included in the classes of information mentioned below. Additional assistance is provided to the definition of these classes in sector specific guidance manuals issued by the Information Commissioner on their website at www.ico.org.uk

This publication scheme commits Prince Henry's Grammar School to:

- a) Proactively publish or otherwise make available as a matter of routine, information, including environmental information, which is held by the school and falls within the classifications below;
- b) Specify the information which is held by the school and falls within the classifications below;
- c) Proactively publish or otherwise make available as a matter of routine, information in line with the statements contained within this scheme;
- d) Produce and publish the methods by which the specific information is made routinely available so that it can be easily identified and accessed by members of the public;
- e) Review and update on a regular basis the information the school makes available under this scheme;
- f) Produce a schedule of any fees charged for access to information which is made proactively available;
- g) Make this publication scheme available to the public;
- h) Publish any dataset held by the school that has been requested, and any updated versions it holds, unless the school is satisfied that it is not appropriate to do so; to publish the dataset, where reasonably practicable, in an electronic form that is capable of re-use; and, if any information in the dataset is a relevant copyright work and the school is the only owner, to make the information available for re-use under the terms of the Re-use of Public Sector Information Regulations 2015, if they apply, and otherwise under the terms of the Freedom of Information Act Section 19. The term 'dataset' is defined in Section 11(5) of the Freedom of Information Act. The term 'relevant copyright work' is defined in Section 19(8) of that Act.

Our Guide to Information made available under this Publication Scheme is detailed below, clearly indicating what information is covered by this scheme and made available to the public and how it can be obtained.

Prince Henry's Grammar School aims to make as much information as possible available online via the school website <http://www.princehenrys.co.uk/page/default.asp?title=Home&pid=1>. Where it is impracticable to make information available on the website or when an individual does not wish to access the information by the website, we have indicated how information can be obtained and provided by other means.

In exceptional circumstances some information may be available only by viewing in person. Where this manner is specified, contact details will be provided. An appointment to view the information will be arranged within a reasonable timescale.

Information will be provided in the language in which it is held or in such other language that is legally required. If we are legally required to translate any information, we will do so.

Obligations under disability and discrimination legislation and any other legislation to provide information in other forms and formats will be adhered to when providing information in accordance with this scheme.

4. Charges which may be made for information published under this Scheme:

The purpose of this Scheme is to make the maximum amount of information readily available at minimum inconvenience and cost to the public. Charges made by the school for routinely published material will be justified and transparent and kept to a minimum.

Material which is published and accessed on a website will be provided free of charge.

Charges may be made for information subject to a charging regime specified by Parliament.

Charges may be made for actual disbursements incurred such as:

- Photocopying;
- Postage and packaging;
- The costs directly incurred as a result of viewing information.

Charges may also be made for information provided under this Scheme where they are legally authorised, they are in all the circumstances, including the general principles of the right of access to information held by public authorities, justified and are in accordance with a published schedule or schedules of fees which is readily available to the public. Full details of the charges are detailed to the rear of this document.

Charges may also be made for making datasets (or parts of datasets) that are relevant copyright works available for re-use. These charges will be in accordance with the terms of the Re-use of Public Sector Information Regulations 2015, where they apply, or with regulations made under Section 11B of the Freedom of Information Act, or with other statutory powers of the public authority. If a charge is to be made, confirmation of the payment due will be given before the information is provided. Payment may be requested prior to provision of the information.
