

October 2023

PHGS Online Safety Evening – Wednesday 11th October 2023 6:30pm

Dear Parents/Carers,

As we are all aware, the internet offers great scope for learning, creating and connecting with friends, however, safe use of technology cannot be assumed. As an Ipad school, keeping young people safe online remains a key priority for us all.

In addition to working with our students in school regarding staying safe online, Prince Henry's offers an online safety evening for parents and carers at the start of each academic year. During the evening we will provide some guidance and practical tips about how to protect your child when they are accessing online content.

Amongst other things the evening will include information relating to:

- Home internet/ISP content filters
- YouTube, Google and social media filter settings
- Safe browser apps

Although this evening is predominantly about online safety, we feel it may be beneficial for us to spend part of the session demonstrating how SharePoint and Arbor will support learning for your child.

If you plan to attend the evening please would you just complete this quick form [here](#) as this will allow us to monitor numbers and plan the evening safely.

Yours faithfully

Mr A. Fishburn

Acting Assistant Headteacher - Learning Facilitator
