

Prince Henry's Grammar School
SPECIALIST LANGUAGE COLLEGE

RACE EQUALITY AND COMMUNITY COHESION POLICY

Rationale

A commitment to race equality and community cohesion is a shared commitment to educational excellence and equality for all sections of our school community. It helps us to focus attention on improving planning, decision making, resource allocation and the monitoring and evaluation of our achievements.

We encourage and support effective professional development for staff and governors to ensure we address the needs of all students, provide job satisfaction for staff, increase parental engagement and broaden representation of under-represented groups within all levels of our staff and governing body.

By “community cohesion”, we mean working towards a society in which:

- there is a common vision and sense of belonging by all communities;
- the diversity of people’s backgrounds and circumstances is appreciated and valued;
- similar life opportunities are available to all;
- strong and positive relationships exist and continue to be developed in the workplace, in schools and in the wider community.

Our Objectives

At Prince Henry’s Grammar School we are committed to building a cohesive school community in which we:

- Tackle racial discrimination;
- Celebrate the diversity of our school and the wider world, drawing upon our Language College specialism;
- Promote equality of opportunity and outcome;
- Build good relationships between people of different ethnic groups;
- Contribute to the cohesion of the local community and wider society;
- Meet our statutory duties under the Race Relations (Amendment) Act 2000 and the duty to promote Community Cohesion 2006.

Our Principles

Our principles cover six aspects of Race Equality and Community Cohesion:

1. COMMITMENT AND ENGAGEMENT

- We respect and value all individuals for their own abilities, beliefs, challenges, attitudes, background and experiences, and seek to actively engage all members of our school and local community in promoting race equality and community cohesion.

2. ETHOS

- We create an ethos which promotes and reflects racial equality, celebrates diversity, develops understanding and challenges myths, stereotypes and prejudices.

3. CURRICULUM, TEACHING AND LEARNING

- We provide experiences which broaden students’ horizons in terms of culture, religion and social background, and ensure equality of access to high quality teaching and learning, an inclusive curriculum and wider opportunities for learning and personal development.

4. TACKLING DISCRIMINATION AND HARASSMENT

- We identify and remove all practices and customs which are discriminatory and record, report and challenge all incidents of racial harassment.

5. ACHIEVEMENT AND PROGRESS

- We have high expectations of everyone involved with the school, monitor, evaluate and review outcomes for different learner groups and provide appropriate support and intervention to ensure that all students reach their full potential.

6. PROFESSIONAL DEVELOPMENT

- We ensure that all staff are empowered to challenge discriminatory behaviour and promote race equality and community cohesion through their teaching and relationships with students, and that governors understand their statutory duties.

Achieving our principles

1. COMMITMENT AND ENGAGEMENT

- Our commitment to race equality and community cohesion will be led by a nominated member of the Senior Leadership Team, working in partnership with a nominated member of the governing body.
- All members of staff will be invited to contribute actively to this agenda through a Staff Diversity Steering Group.
- All students will be invited to contribute actively to this agenda through a Student Diversity Forum, and to develop their own leadership skills through our Global Justice Group.
- We will report to parents and carers at least termly on progress towards our Race Equality and Community Cohesion Action Plan, and provide opportunities for them to contribute to and be consulted on this aspect of our work.
- We will pursue accreditation through the Stephen Lawrence Education Standard to provide a route map with which to drive our commitment to race equality and community cohesion, and will support other schools by disseminating our practice.
- We will develop further our engagement with the local community, building upon the success of our Community Education Programme and our role as part of an Extended Services cluster.

2. ETHOS

- We will celebrate the diversity of our school community and reinforce our commitment to equality of opportunity in all marketing materials, including the school website.
- We will encourage everyone in the school community to have a positive self image and high self esteem so that they may develop their potential.
- We will model relationships which promote mutual respect and value similarities and differences, and face equality issues openly.
- We will ensure that issues of equality, diversity and respect for human rights are promoted through all aspects of school life, including in assemblies and through classroom displays.

3. CURRICULUM, TEACHING AND LEARNING

- We will audit the curriculum at least biennially for coverage of issues of equality, diversity and respect for human rights, and ensure that all year groups explore these themes across a range of subjects.

- We will draw upon our Language College Specialism to embed issues of global equality and citizenship within the curriculum.
- We will ensure that students who are new to English are grouped in line with their cognitive ability and learn alongside their peers who provide good models of language and behaviour.
- We will provide opportunities for students to meet people from other cultural, religious and social backgrounds, through taking part in trips and visits, meeting visitors to our school and participating in collaborative partnership projects.
- We will monitor participation by different learner groups in extra-curricular activities, trips and visits, including by ethnicity and gender.
- We will ensure that the teaching materials we use acknowledge the importance of challenging racial discrimination and positively reflect the religious, linguistic and cultural diversity of our society.

4. TACKLING DISCRIMINATION AND HARASSMENT

- We will systematically record and report all incidents which are discriminatory in terms of race, gender sexuality or disability, and ensure that these are sanctioned appropriately through the Positive Discipline system.
- We will adopt a robust response to all forms of bullying and harassment, in accordance with our “Anti-bullying Policy”.
- We will monitor and report on exclusion rates and the use of other sanctions by ethnicity and gender, as well as the implementation of our rewards strategy.
- We will monitor recruitment of staff by ethnicity and ensure that all job advertisements include an equal opportunities statement.

5. ACHIEVEMENT AND PROGRESS

- We will monitor data on progress, behaviour and attendance by different learner groups at least once per term, including by ethnicity and gender.
- Curriculum Leaders and Year Leaders will systematically evaluate the attainment and progress of different learner groups, including by ethnicity and gender.
- Where appropriate, specific support and intervention strategies will be implemented to tackle the causes of under-achievement of individual students.
- Students with capabilities in a heritage language will be encouraged to gain accreditation and will be given appropriate support.

6. PROFESSIONAL DEVELOPMENT

- We will ensure that all staff are familiar with this Policy, and the related Race Equality and Community Cohesion Action Plan.
- We will provide training on race equality and community cohesion for all staff, and ensure that this forms part of the induction programme for new staff.
- We will provide opportunities for staff to develop further expertise in exploring equality, diversity and human rights issues through their own curriculum area.
- We will ensure that all governors understand their role in supporting this aspect of the school’s work, including their statutory duties.

Monitoring the impact of this policy

The impact of this policy will be measured through:

- A biennial survey of students on equality of opportunity and community cohesion.
- A biennial survey of parents and carers on the effectiveness with which the school promotes equal opportunity and community cohesion, as part of the wider “Parent and Carer Voice” survey

In addition, we will monitor other indicators on an ongoing basis, such as:

- Attainment and progress of students
- Sanctions and rewards
- Incidents of bullying and harassment
- Participation rates in trips, visits and extra-curricular activities
- Membership of the governing body
- Staffing
- Parent and carer engagement

As a school we also monitor the impact of this and other policies on students, staff, governors and parents and carers. We assess whether they could have an adverse impact on particular groups, and whether there is potential for them to have a positive impact in terms of equality of opportunity and outcome.

Race Equality and Community Cohesion Action Plan

This policy is supported by a Race Equality and Community Cohesion Action Plan which forms part of the School Improvement Plan and is updated annually. Progress against this plan is reviewed at least half-termly.
