
MOBILE PHONE POLICY

- ❖ Sixth Form students should only use their mobile phone for calls in the Quad area during break and lunch time.
- ❖ When in the library they can listen to music but this must be through a headset and not on speaker phone.
- ❖ Phones should not be used to play music anywhere other than the library or the Quad. They will be confiscated if used out of these two areas.
- ❖ Any student walking around school with earphones in will be challenged and the earphones and attached phone will need to be taken to the Sixth Form office.
- ❖ If they wish to use their phones outside these areas they must sign out and leave site.
- ❖ Sixth form students may be allowed to use mobile phones for music and data storage in lessons if individual teachers confirm this. They should not have them on show or remove them from their bag until they have been directed to by the member of staff.

If any element of this policy is not adhered to students will be required to take their phones up to the Sixth Form office. Phones can be collected at 3pm.
