

MASTER CLASS/ EXAM BOOKLET FOR STUDENTS

You will shortly begin your GCSE written examinations. Staff want to ensure that you are prepared fully to do your best. To assist you in the final stages of your preparation we put on subject 'Master Classes' during your final two weeks of compulsory school. The Master Classes are there to give you valuable information and techniques that you will find helpful and should hopefully help calm you before your final exam(s). Where possible, these occur immediately prior to an examination.

There may be some opportunity for independent supervised revision - for example, if you are completing a shorter exam than the rest of the year group (eg: Trilogy Science). Please ensure that you have resources with you each day for this, just in case.

Knowing the importance of sport as a release during times of stress, we have managed to still include some PE lessons during the fortnight. If you are not in an exam when these are on, please ensure that you bring appropriate kit to take part.

Keep this booklet with you to remind you where you should be at all times - you will either be in your GCSE exam OR in a subject Master Class for a subject you are studying. A copy of the booklet can be found on the school website and on the exam notice board.

Exams are highlighted in black on each day in the booklet.

May we take this opportunity to wish you all the best for the forthcoming exam season, good luck!
