

**PRINCE HENRY'S GRAMMAR SCHOOL**

**CALCULATOR ORDER FORM 2024**

All students are required to have a calculator at PHGS for use in many lessons. The maths department is able to offer the Casio fx-85GT-CW at the **value price of £13**. Whilst mental arithmetic is used widely, it is very beneficial for students to learn **how** to use a scientific calculator correctly and it is very helpful if all students have a similar type.

Please complete the slip at the bottom of this page then either send it in to the school office **FAO Finance** by Friday 5th July 2024 in a **named envelope**.

Payment must be sent with the order form, **cheque preferred**, to be made out to PHGS.

Your child will receive their calculator on the first day in September.

Thank you.  
Maths Department

**STATIONERY EQUIPMENT ORDER 2024**

We run a small nonprofit making shop in school selling basic stationery equipment to students. This ensures that everyone is equipped for all lessons.

We have put together a ready-made stationery kit (2x black pens, HB pencil, green pen, 30cm ruler, eraser, sharpener, protractor, pair of compasses and colouring pencils, all in an A4 plastic envelope style wallet) for just **£4**.

If you would like your child to have one, fill in the form below and either send it in to the school office **FAO Finance** by **Friday 5th July 2024** in a **named envelope**. Payment must be sent with the order form, **cheque preferred**, to be made out to PHGS. Your child will receive their stationery pack on the first day in September.

(If you are also ordering a calculator you can write one cheque for both).

Thank you  
Maths Department

Please send it in to the school office by Friday 5th July 2024 (**cheques made payable to PHGS**), in a **named envelope**.
