Prince Henry's ✓
LS21 2BB, Otley, West Yorkshire, GBR

Select School

Who would you like to view?

Student A

Student B

The Parent App

Download the Arbor Parent App.

Log into it using your email and password - All main contacts for an individual student have their own account.

If you are having issues logging in please contact school.

Select Prince Henry's.

Select the student (if you have more than one child in school) that you would like to view.

This will take you to that child's home page **(shown on the next page)**

The individual student area

This shows you (if you scroll down):

Name and Form group
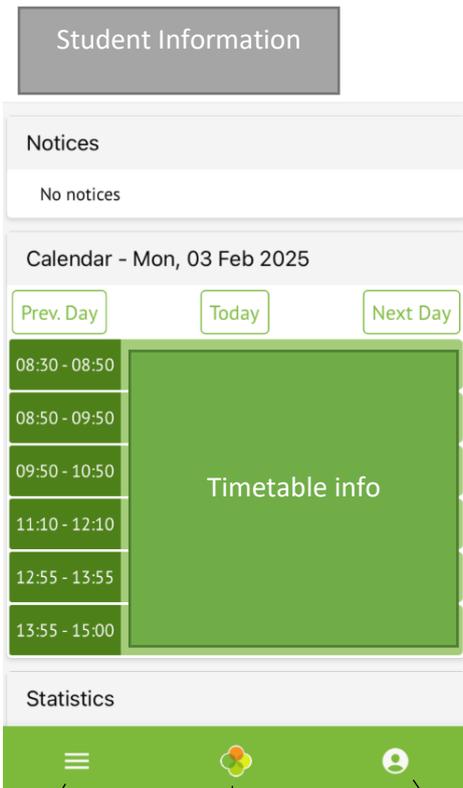

Any notices

Calendar

Statistics (attendance and behaviour)

*Guardian consultations (not currently used)*

Assignments – which is the Home Learning tasks (overdue, due and completed)

School shop (not currently used)
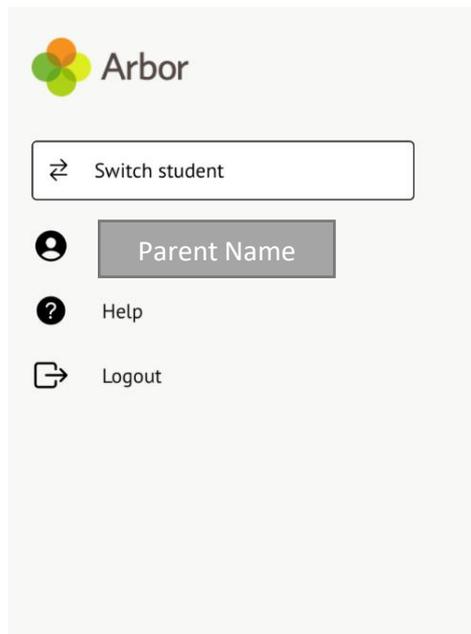

Three icons along the bottom, with access to other areas.

The different areas shown above take you to different information about that student:

Attendance – allows you to see information on the most recent week as well as the year to date. If you have any queries please contact the attendance team in school.

Basket – Not used by PHGS at this time

Behaviour – allows you to see information around behaviour **(see next page for additional information)**

Examinations – Will show any public examinations information when this is available (mostly impacts year 11 and year 13)

Printable Timetable – Allows you to download and print a fortnightly timetable if required

Report Cards – Shows copies of Progress Reports that have been completed and sent home.

School Shop – Not used by PHGS at this time.

Further down this page are links to other areas:

Main Dashboard – Takes you back to the screen shown on the previous page.

Profile – this is the area you should go to if you need to update any personal information (eg: if you move house, or change your phone number)

Behaviour Area

Each of the areas can be expanded to give greater information.

The two areas that end in the word 'count' are simply there to enable us to have a total figure of incidents and Credits added throughout the year. These can largely be disregarded.

The two sections that end in the word 'Incidents' enable you to see more information about incidents that have been added to Arbor.

Positive Incidents – shows the numbers (of stamps and credits) added.

Positive incidents Breakdown – Shows the specific positive incident that was added (eg: Stamp, or Credit), which member of staff added it and in what subject.

Similar information can be found by pressing on the 'Negative Incidents Breakdown' area.

If a child has a detention this can be viewed at the foot of this page under the 'Detentions' heading.

Please also note that scheduled sanctions such as detention or reflection will also show on the student timetable at the point they are due to be served. This can be accessed on the student's (or parent's) home area on Arbor. Notification of such sanctions will usually come via individual emails. Occasionally, this may follow a discussion with a member of the pastoral team, usually the Year Manager.

All students have access to the Arbor Student App. This shows students the key information outlined above.

By accessing the App regularly you and your child can review performance across a variety of areas.
