

## Sixth Form Dress Code

The Sixth Form Dress code has been developed in consultation with our students who wanted a smart code which reflected the school ethos surrounding equality. The main principle behind the Sixth Form Dress Code is that students should wear clothes suitable for a smart office environment or job interview. While we are aware that a range of other clothing may be sold as 'office wear' and may be suitable in some settings, the Dress Code is designed to be simple and straightforward, aiming for equality between genders as far as possible within a school environment where a uniform is worn in the main school. Sixth Form students must recognise their responsibility in acting as ambassadors to the school and as positive role models at all times, including in the area of school dress. Clothing and appearance should not reflect the extremes of youth culture and should be appropriate for an 11-18 school setting at all times. Where such extremes are evident or judged to be inappropriate for an 11-18 school setting, the Headteacher reserves the right to remove the student from normal lessons.
