Dear Parents/Carers

ONLINE PAYMENTS - SCOPAY

At Prince Henry's Grammar School we use an online payments system called Scopay to pay for school meals, educational trips, revision guides and many other activities and items.

At the start of the summer break you will be sent an email with instructions of how to set up your Scopay account. The email will contain a link code which you will need to set up your account.

The system is secure, easy to use, does not need linking to a bank account and provides an instant receipt.

This is our preferred method of receiving money into school and we encourage all parents and carers to use this system. However, we can still accept cash or cheques payments prior to your account being set up.

Kind regards

Finance Office
