This guide is designed to assist you in setting up your iPad with ease. Please note that due to periodic updates made by Apple, certain steps in the setup process may differ in appearance or order.

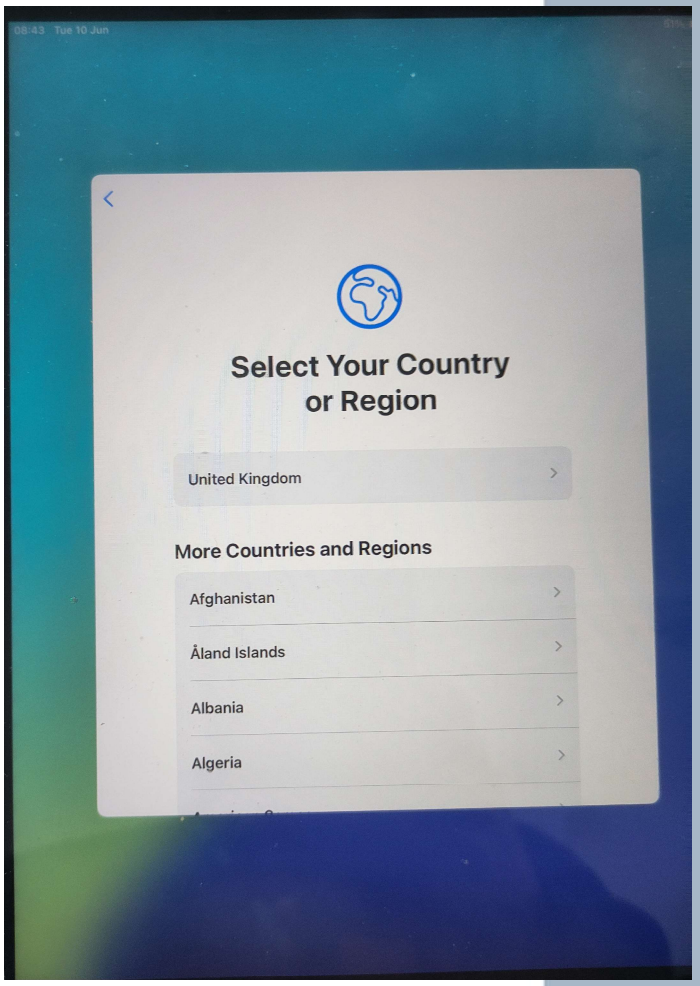

1. Press the Home Button.

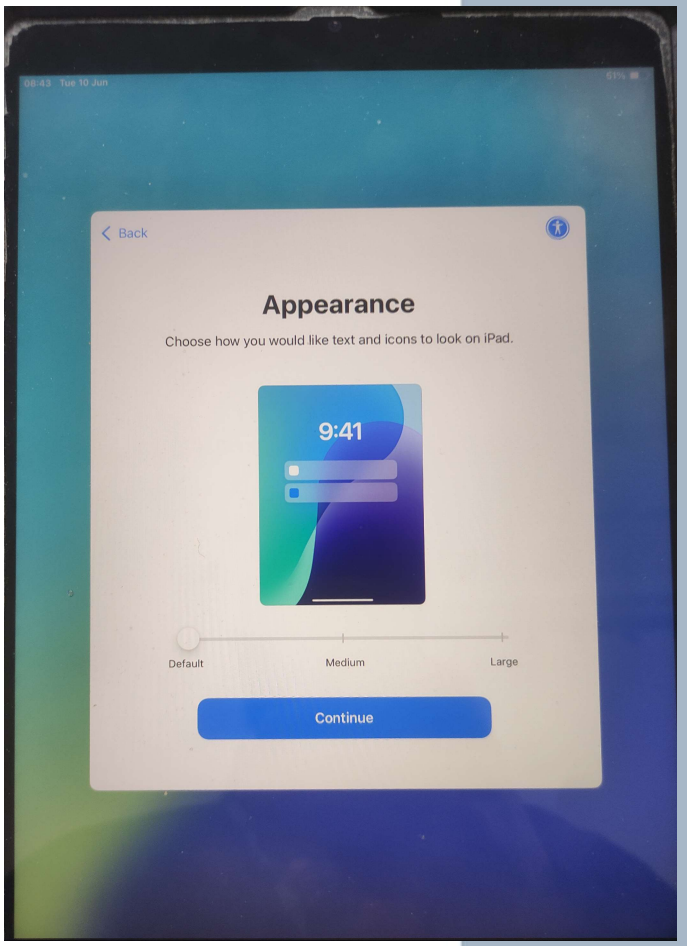

2. Tap 'English'

3. Tap 'United Kingdom'

4. Choose the text size and click Continue.

5. Select the Wifi you want to connect to and enter your credentials.

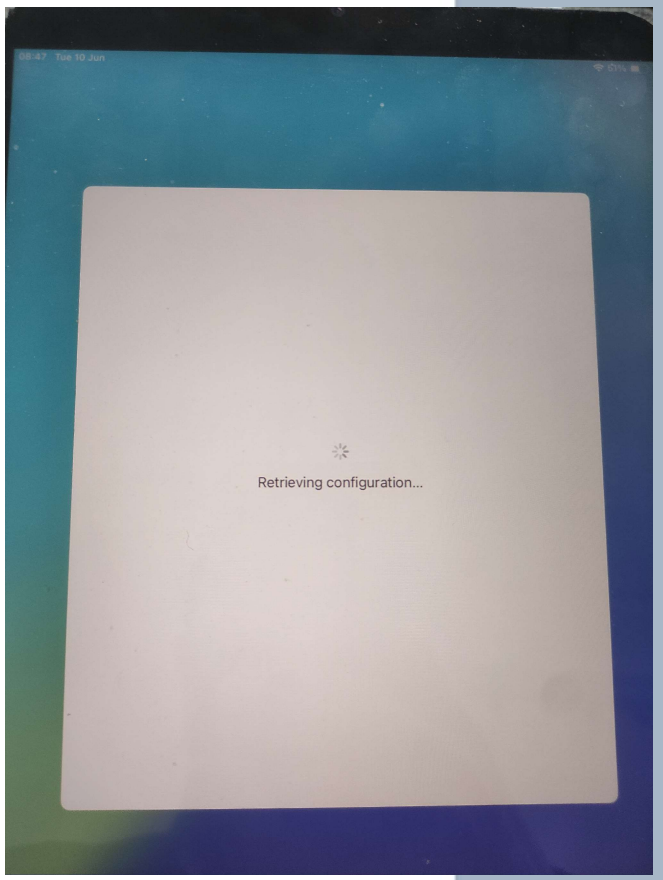

If in School, it will be the “PHGS-BYOD” network, and you will enter the first part of your school email address, which is everything before the @ sign.
You then need to enter your school computer/office 365 password.

If in school, it will ask you to “trust” the network. Click Trust.

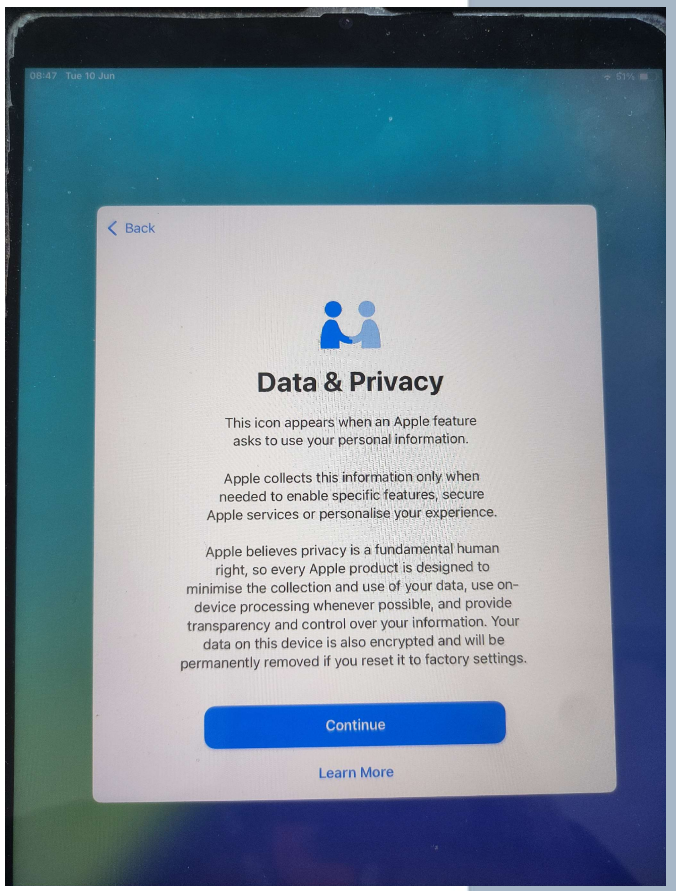

Once connected, click Continue.

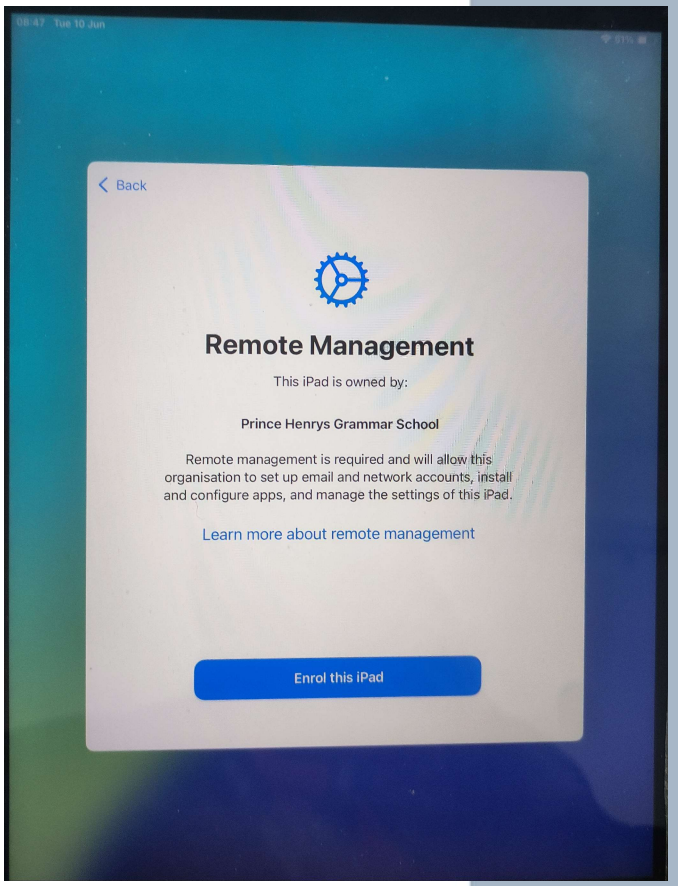

6. Wait for the iPad to retrieve the configuration.

7. Click Continue to agree to the terms and conditions.

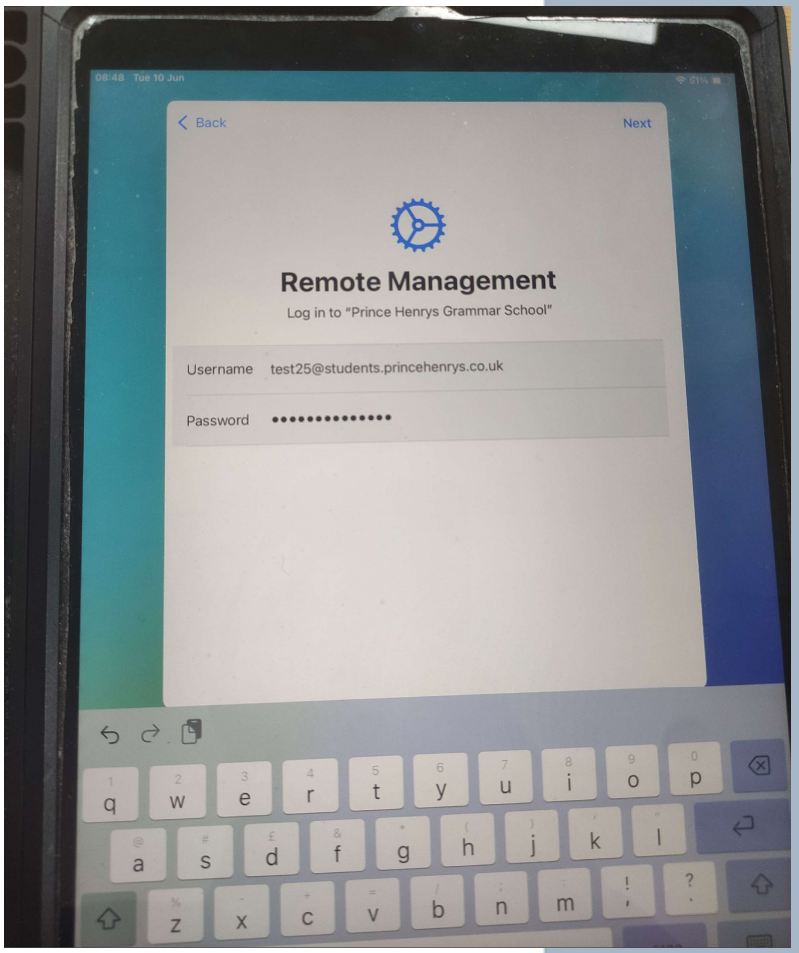

8. Click Enroll to agree to remote management.

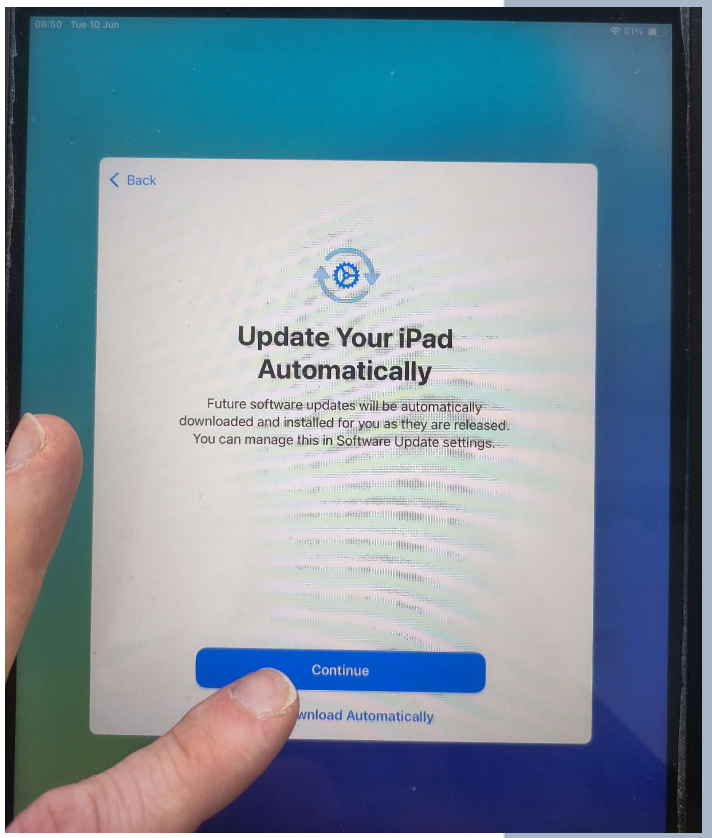

9. Type in your student's email address and password. (The same password they use for the computers at school.)

your username will be provided, it will be in the following format: ****@[intakeYear].princehenrys.co.uk

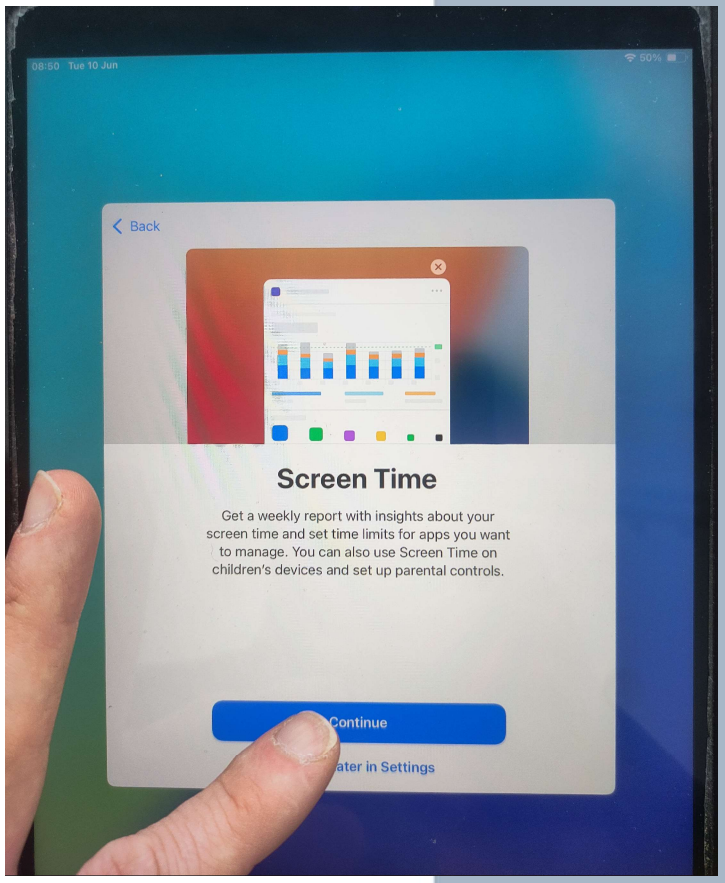

If your intake was before 2025, the format will be as follows: ****@students.princehenrys.co.uk
