Monday 14th September 2026

Dear Parents/Carers

PHGS Online Safety Evening – Thursday 1st October 2026 6:30pm

As we are all aware, the internet offers great scope for learning, creating and connecting with friends and family however, safe use of technology cannot be assumed. As an iPad school, keeping young people safe online remains a key priority for us all.

In addition to working with our students regarding staying safe online, Prince Henry's offers an online safety evening for Year 7 parents and carers at the start of each academic year. During the evening we will provide some guidance and very practical tips about how to protect your child when they are accessing online content.

Amongst other things the evening will include information relating to:

- Home internet content filters
- YouTube, Google and social media filter settings
- Safe browser apps

Although this evening is predominantly about online safety, we feel it may be beneficial for us to spend part of the session demonstrating how SharePoint will support learning for your child.

If you plan to attend the evening please complete this quick form here so we are able to monitor numbers for the evening.

Yours faithfully

Mr O. Wharton

Assistant Headteacher
